

Workshop Proposal Additional Info for Ceramics

*Before filling out this form please complete the **Workshop Proposal Form**, found on our website.*

AX's state-of-the-art ceramics centre has everything needed to provide professional-level workshops to Sussex and surrounding areas.

The centre is equipped with two ConeArt electric kilns with a full ventilation system, a slab roller, spray booth, drying racks and ware carts, a sink with a sink trap, storage and more.

Our Kiln Firing Fees are \$134.02 per firing for the *ConeArt Electric Computer Kiln Large* and \$125.98 per firing for the *ConeArt Electric Computer Kiln Small*. These fees should be taken into consideration when pricing the materials fee.

Please indicate which equipment you will need access to for your workshop by inserting an "X" in the adjacent box:

ConeArt Electric Computer Kiln Large		ConeArt Electric Computer Kiln Small	
Slab Roller		Spray Booth	
Rolling Pins		Wood Modelling Tools	
Drying Rack/Storage		Small Carving/Sgraffito Tools	

Please indicate which materials/tools will need to be purchased by students if you are not providing them by inserting an "X" in the adjacent box. The cost of materials/tools will be added to the materials fee:

PSH400 Low Fire Earthenware		AX Cone04 Studio Glazes	
Beginner Pottery Tool Kits		AX Studio Underglazes	

*Average workshop materials fee which includes all above materials (10kg of clay) totals \$45.38 per student.

How many firings are needed? _____

Do you have any requests or requirements that haven't been addressed?
