

## *Ceramics at Hand: Foraged and Formed* Exhibition Application

AX, the Arts and Culture Centre of Sussex is pleased to announce a call for applications to participate in our upcoming exhibition titled *Ceramics at Hand: Foraged and Formed*. This exhibition is scheduled to run concurrently with our Ceramics Conference, set to take place in October 2024.

The overarching theme of our conference centers around the paramount concept of "sustainability." For the *Ceramics at Hand: Forage and Formed* Exhibition, we are actively seeking artists who exemplify the spirit of sustainability by crafting their pieces using locally sourced materials or employing innovative techniques that minimize the ecological impact on our planet's finite resources. Whether you are delving into the excavation of your clay, or pioneering inventive methods to repurpose ceramic remnants, or finding other ways to work sustainably, we wholeheartedly encourage you to submit your work for consideration.

This opportunity is extended exclusively to ceramic artists residing in the regions of New Brunswick, Nova Scotia, PEI, and Newfoundland and Labrador. It is important to note that there is no application fee, and selected artists will receive remuneration in accordance with CARFAC guidelines.

Each artist is invited to submit up to three of their finest pieces for consideration. Please be aware that the deadline for applications is set for **April 1, 2024, at midnight Atlantic Time**. We eagerly anticipate the opportunity to showcase the exceptional talents of artists who are committed to both their craft and employing sustainable practices.
